## PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong academic record and a deep interest in building efficient, scalable systems. I enjoy breaking down complex problems into structured solutions and applying core computer science principles to real-world applications. Known for analytical thinking, disciplined execution, and continuous learning, I aim to contribute meaningfully to engineering-driven environments where reliability, performance, and problem-solving matter.

## TECHNICAL SKILLS

**Programming Languages:** Java, Python, C

**Frontend Technologies:** HTML5, CSS3, Bootstrap, JavaScript (ES6+), ReactJS

**Backend Technologies:** Node.js, Spring Boot

**Databases:** MySQL, MongoDB

**Core CS Concepts:** Data Structures & Algorithms, Database Management Systems (DBMS), Operating Systems, Computer Networks

**Developer Tools:** Git, GitHub, VS Code

## PROJECTS

**AVL Tree Visualizer** | Spring Boot | Java | SVG

Jan 2026-Feb 2026

- Developed a full-stack Spring Boot web application to implement and visualize AVL Tree self-balancing operations including insertions, deletions, and rotations
- Designed an SVG-based interactive front-end rendering engine to display real-time tree structure changes, improving understanding of algorithm behavior
- Implemented core DSA concepts — left rotation, right rotation, and balance factor calculations — in Java, demonstrating strong proficiency in data structures and algorithms
- Technologies used: Java, Spring Boot, HTML/CSS, JavaScript, SVG rendering

**Attendance Drift Detection System** | Python | Pandas | SciPy

Jan-2026

- Built a Python-based pipeline to detect distribution shifts in school attendance data
- Processed 277K+ records and engineered an attendance\_rate feature
- Applied KS Test, PSI, and ADWIN to compare historical and recent data windows
- Designed modular project structure and deployed via GitHub

## EDUCATION

**Bachelor of Technology (B.Tech) – Computer Science and Engineering**

2023 – 2027

KL University, Aziz Nagar, Hyderabad | **GPA: 9.71 / 10.0**

**Intermediate**

2021 – 2023

Narayana Junior College, Bandlaguda, Hyderabad | **Percentage: 98%**

**Secondary School Certificate (SSC)**

2019 – 2021

Ravindra Bharathi School, Shadnagar, RangaReddy | **Percentage: 100%**

## CERTIFICATIONS

- Robotic Process Automation (RPA) Professional Certification
- MongoDB Associate Developer Certification
- Linguaskill B1 Level – Cambridge English Certification

## SOFT SKILLS

Effective Communication & Team Collaboration | Analytical Problem-Solving & Adaptability | Leadership & Time Management | Continuous Learning & Self-Improvement
